

Stars and Ghosts - a haunted night by LANDKA[®]

For iPad, iPhone, Mac, AppleTV and Android

Game | Arcade | Family | Entertainment

October 2016 - LANDKA[®] announces the release of Stars and Ghosts, a side-scroller game with spooky hills full of ghosts to catch! For Halloween lovers and everyone else (no ads, no internet connection required):

Prepare your broomstick and follow the path...
spooky hills are full of Ghosts to catch!
Gather around the haunted night...
to send stars back to the light!

Each ghost you get is a star in the sky...
catch them all, don't let them fly!
Avoid the bat, the pumpkin and the skeleton fish...
and use spiders to power up your witch!

Catch all the ghosts until there is none...
turn a nice little witch into a bad, mad one!
Collect all the stars to draw a constellation...
and unlock spells beyond your imagination!

Category Games | Arcade | Family | Entertainment

Release Date October 28, 2016

Languages English, Spanish, Portuguese
